

BACK 2 THE BEACH

Petit Bôt will once again be transformed into a live music venue on Saturday as the Vale Earth Fair Collective present 'Back 2 The Beach'.

"We held Beachlife in May and it was a resounding success. We combined lots of acts and different genres into one day and all the feedback we got was positive, plus we raised a lot of money for our causes. Petit Bôt works really well as an outdoor venue so we've decided to give it another go, but this time focusing on DJs," said organiser and VEF Collective member, Rob Roussel.

The evening gets underway at 6pm with two music areas offering everything from chilled beats and dub to drum 'n' bass and house with live sets from the following DJs:

FRONT AREA (Beach Side)

- 11.00 Ray Marshall
- 10.00 Matrix State
- 9.00 Sharpened Lyrics
- 7.45 Oneofakind & Special Guests
- 6.45 Four Q
- 6.00 Joel

BACK AREA

- 11.00 X-Cut
- 10.00 Mark Helyer
- 9.00 Ross Weston
- 8.00 Amelia
- 7.00 Karl D
- 6.00 Karmoloji

Local DJ, Mark Helyer is just one of many set to perform on Saturday night. "I played at the previous event in May and had a great reaction to my music. Since Earth Fair events always showcase such a wide variety of musical genres, the audience is always up for anything. This Saturday is all about dance music and there'll be something for everyone. My style of Psy-Trance is fairly hard but also very musical with plenty of interest, energy, atmospheric breakdowns and exciting build-ups. It's best suited to outdoors and Petit Bôt is the perfect venue for it."

The event is a fundraiser for the 30th anniversary of the Vale Earth Fair, taking place on 27th August. Entry on Saturday is free but people are being asked to donate generously. Buses will be available to transport people from the Tearooms into Town from 11.00pm, costing £3 each.

In addition to Saturday's event, the Vale Earth Fair will once again be providing the soundtrack for the Rocquaine Regatta on 29th July with live music from The Bensons, Big Sheep, Hans Shot First and Mick & Paul.
